

Meeting the Need for
**Quality
Heart Care**
in the Bucks/Montgomery Area

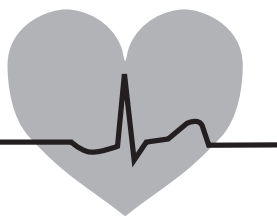

If you need a heart specialist, you'll want Buxmont Cardiology Associates on your team.

They're one of the longest existing and largest group of cardiologists in the region and have recently welcomed two new members to meet the area's growing need for quality health care.

Dr. Christopher Oswald, a native of Boyertown, specializes in diagnosing problems with heart muscle, valves and arteries. He has advanced training in nuclear cardiology and echocardiography, and has a special interest in treating women with heart disease.

A graduate of Lehigh University, the University of Pennsylvania and Thomas Jefferson Medical College of Thomas Jefferson University, Dr. Oswald completed his residency and cardiology fellowship at the University of North Carolina, Chapel Hill. He lives in Pennsburg with his wife, Nicole, and their daughter.

**Buxmont
C**ardiology
Associates, P.C.

Dr. Ida Mazza has training in diagnosing heart problems with the advanced technology of CT scans and MRI, as well as echocardiography and nuclear cardiology. Raised in Venezuela, she earned her medical degree from the Universidad of Central de Venezuela, and completed an Internal Medicine Residency and a Cardiology Fellowship at Albert Einstein Medical Center in Philadelphia. She lives in Montgomery County with her daughter, Ophelia.
